MESSAGE

Chairperson, SME Foundation

Small and Medium Enterprise (SME) Foundation established as a not for profit organization with the aim to promote the (SMEs) for accelerating economic growth. The Foundation is working for creating business friendly environment for the SMEs all over the country underlining on women entrepreneurship development activities to promote gender equality and women empowerment in SME sector.

Entrepreneurship is definitely challenging. It is the driving force that can strengthen economic autonomy of the country. The level of economic growth and development of a country is largely shaped by the development status of the SMEs in the country. The SME Foundation is focusing on creating suitable business environment as well as sustainable business opportunities for the SMEs.

The Foundation is focusing on women entrepreneurs as an active agent of economic development. SMEF is supporting women entrepreneurs and trade bodies working with women to appreciate the gender dimensions of business.

Publishing The SME Women Entrepreneurs Directory is one of the most important task of the women entrepreneurship activities of the Foundation. This directory will be a key document of the women entrepreneurs in business.

I believe this database has created a space for the people to know the real situation of the women entrepreneurship development. I also believe this is a new source of information for the development workers working in the field of SME sector.

K M Habib Ullah

MESSAGE

Managing Director, SME Foundation

Small and Medium Enterprise Foundation (SMEF) was born to develop, support and create enabling environment for the SMEs of Bangladesh with a special focus to the women-led enterprises. SMEs are recognized as engine of economic growth and employment generation for sustainable industrialization all over the world. In Bangladesh, SMEs are emerging as a strong economic force, unfortunately, the contribution of women entrepreneurs towards industrial development is not significant yet.

It is seen from the gender disaggregated data that a very small percentage of total number of enterprises are owned by women. Study shows that the women entrepreneurs are mostly involved in traditional fields like boutique, tailoring, food processing, handicrafts etc. based on their skills handed down from generation to generation or acquired through training institutions. Keeping this in mind, SME Foundation is continuing to provide a series of skill development training as well as other similar programs in different fields to diversify the women owned businesses.

SME Foundation, to promote the micro, small & medium entrepreneurs is undertaking interventions in diverse program areas like policy issues and regulatory barriers, capacity building and skill development, access to finance, access to information and technology etc. The Foundation is also providing business support services through its one stop advisory service center, setup in its own premise. SME Foundation is working relentlessly for the development of the SME Women entrepreneurs to ensure their empowerment, because empowerment holds the key to all other issues that could be resolved. "SME Women Entrepreneurs Directory" is an important step forward towards that cause. I am very happy to be a part of this development initiative. This directory is the databank that emphasis on the information of the women entrepreneurs in eleven SME booster sectors.

I hope this directory will help to facilitate establish linkages among the entrepreneurs and stakeholders. SMEF will make every effort to create business friendly conducive environment for SME development all the time.

A handwritten signature in black ink, consisting of a stylized 'S' followed by a long, sweeping horizontal line that curves upwards at the end.

Dr. Syed Md. Ihsanul Karim

FOREWORD

General Manager, SME Foundation

Foundation, since its inception, is playing a vital role by creating a congenial environment for bringing the women entrepreneurs in the mainstream of SME businesses. The Foundation is providing a special emphasis on the women empowerment issues to ensure the full participation of women entrepreneurs in the economic development process of Bangladesh.

Research findings suggested a dearth of trusted source of information on the SME women entrepreneurs in the country. Therefore, the Foundation took an initiative to publish the “SME Women Entrepreneurs’ Directory” in 2012 for the first time. After that, we have got very positive responses from the different SME stakeholders regarding its usefulness. We also have got suggestions from the users for updating the Directory on a regular basis. As a result, the Foundation decided to publish an updated version this year.

I believe, this second edition of the Directory is a user-friendly document and serve the intended purpose quite well. Henceforward, we will appreciate and welcome any thoughtful suggestion for the enrichment of this directory. I believe, this publication will be enriched further with the incorporation of your feedback and more inclusive information in the next edition. SME Foundation will keep moving forward with its nurturing activities for women entrepreneurs.

A handwritten signature in black ink that reads "Shaheen Anwar". The signature is fluid and cursive.

S M Shaheen Anwar

ACKNOWLEDGEMENT

Deputy General Manager, SME Foundation

SME Foundation is working as an apex body for the development of SMEs in Bangladesh with a mission to eradicate poverty by creating employment through entrepreneurship and enterprise development. As a part of its development activities, the Foundation published a directory of women entrepreneurs --“SME Women Entrepreneurs’ Directory”-- in 2012. Now the Foundation is pleased to launch the second edition of the database comprising updated information on the women entrepreneurs in the country who are currently involved in various sectors/businesses.

Publishing of this directory was really a tremendous effort. Collection of information from different sources was the major challenge that we faced during preparation of the document. We sent formal request letters to different organizations to provide information on women entrepreneurs in a preset format, and simultaneously, we published a series of advertisements in the national dailies urging micro, small and medium sized women entrepreneurs to provide relevant information directly to us for the directory.

“SME Women Entrepreneurs’ Directory” is a databank of women entrepreneurs in Bangladesh. The information we received from different sources were verified and included in the directory. This edition includes information of 7,064 women entrepreneurs. We tried our best to include all authentic information. In this regard, we extend our earnest apologies for the inadvertent errors that may still prevail in the document. We will definitely try to correct the mistakes/errors and also are committed to include more information in the next edition.

This Directory of women entrepreneurs are from eleven booster SME sectors (Electronics and electrical, Software development, Light engineering and metal-working, Agro-processing/ agri-business/plantation agriculture/specialist farming/tissue-culture and related business, Leather-making and leather goods, Knitwear and ready-made garments, Plastics and other synthetics, Healthcare and diagnostics, Educational services, Pharmaceuticals/cosmetics/toiletries, Fashion-rich personal effects, wear and consumption goods) with an aim to create links among the stakeholders. We also believe that this directory will definitely be helpful for the buyers to reach the sellers and conversely will also create opportunities for the sellers’ access to market.

The publication of this document would not have been possible without the active support of numerous individuals and the organizations especially, Banks, Non-Bank Financial Institutions, District Chambers, Trade Associations, Deputy Commissioner’s office, City Corporations and the Women Associations. We express our gratitude to all of them.

I also have the pleasure to acknowledge the contribution of data compilation team of Women Entrepreneurship Development (WED) Wing and the other members of SME Foundation who have contributed to make this publication possible. We believe, this can serve as a valuable resource for all the organizations and individuals working in the field of SME women entrepreneurship development.

A handwritten signature in black ink, appearing to read 'F. Ulla'.

Farzana Khan
Deputy General Manager

SME Foundation: At a Glance

Introduction

Bangladesh is striving hard to emerge as a middle-income country by the year 2021. In this heavily populated country, the SMEs are also considered as the backbone of the national economy. Facing the challenge of creating large-scale employment opportunities, increasing per-capita income, reducing poverty and social inequality, the establishment of SME Foundation has been brought to the centre stage of Government pro-poor development strategy.

As a necessary prerequisite for pursuing a pro-active SME development policy, the Government established the Small and Medium Enterprise Foundation (SME Foundation) in August 2007. The Foundation is mandated to perform a variety of means, policy-advocacy, promotional and developmental function to enable the SME sector to contribute forwards spurring private sector led-economic growth and social progress.

There is a very high density of SME inhabitants in Bangladeshi industrial economy. The SMEs account for over 96% of the private sector industrial establishments, provide employment opportunities to roughly 78% of the non-agricultural labor force, and contribute to nearly 30% of the country's GDP.

In the comprehensive latest industrial policy, the SME sector was declared as a priority sector that is playing a vital role in employment creation, entrepreneurship development, poverty alleviation and national economic growth.

Structural Organization

(I) Legal Status

The SME Foundation is a limited company licensed by the Ministry of Commerce, Government of Bangladesh as a non-profit organization. It is registered under section 28 of the companies Act, 1994. The official birth day of this SME Foundation is 26 November 2006, the day it was registered as a joint stock company through Government approval of its Memorandum and the Articles of Association.

(II) General Body

The SME Foundation has a general body consisting of 60 members which comprises of members nominated by the Ministry of Industries, representatives of SME entrepreneurs including women entrepreneurs, concerned trade bodies, general and technical Universities, civil societies and private sector professionals. It is thus an entity created by the Government but with a strong private sector mandate.

(III) Board of Directors

The SME Foundation has a Board of Directors consisting of 16 members for smoothly running its activities. Led by a Chairperson appointed by the Government, the Managing Director (MD) is the chief executive who is a non-voting Director of the Board. The core function of the Board is to provide guidelines and policy decisions for ensuring smooth functioning of the Foundation.

Vision

The vision of the SME Foundation is to promote employment-intensive industrialization, alleviate poverty and accelerate National economic growth.

Mission

The mission of the SME Foundation is to assist growth and promotion of the Small and Medium Entrepreneurs (SMEs) in the manufacturing & services sectors by supporting the SME entrepreneurs to grow and survive through taking advantages to face the challenges of Globalization and free market atmosphere.

Objectives of SME Foundation

The Major objective of the SME Foundation is to implement Government's SME development policies and strategies designed to achieve employment augmenting industrialization, develop entrepreneurship, alleviate poverty and accelerate pro-poor and inclusive economic growth.

The specific objectives are:-

Delivery of business development services (BDS) to the SMEs to support, encourage and strengthen growth and development of the SME sector;

Establishment of a comprehensive data and information based on the SMEs through conducting surveys and studies for use by all SME stakeholders;

Facilitate SME access to institutional services of finance including provision of credit wholesaling services at concessional interest rates;

Skill development and capacity building of the SME entrepreneurs through providing training facilities;

Facilitate development, adoption and dissemination of technology for ensuring productivity and innovation of new products and process;

Assist market development, market creation and market expansion at home and abroad for supporting sales promotion and export expansion for the SME entrepreneurs.

Major program Areas

In order to implement Governments SME development policies and strategies, the SME Foundation offers business development services to the SME entrepreneurs under various thematic program areas these include:

A. Policy advocacy and research to create and maintain non-discriminatory policy environment for the SMEs. Important areas of advocacy and intervention by the SME Foundation include reduction of regulatory barriers, rationalization of taxes and VAT etc.

B. Access to information ensured to the SME entrepreneurs and other stakeholders through development of SME Foundation's own web portal (www.smef.org.bd) and its regular up-gradation by uploading important information relevant to SME growth and development.

C. Women Entrepreneurship development and planning is an important task of SME Foundation and it's efforts in this area include women entrepreneurship development surveys and studies, training for the women entrepreneurs, gender sensitizing training for the Bankers and SME women entrepreneur awards etc.

D. Access to Finance: The SME Foundation regularly undertakes various programs to enhance flow of institutional funds to the sector. The major program areas include implementation of pilot credit wholesaling program, holding of SME financing fairs with chambers and Banks and arrangement of thematic seminars on the SME financing issues.

E. Access to Technology: The SME Foundation is deeply committed to remove technology gap and improve SME competitiveness through helping technology up-gradation, adoption and diffusion of new appropriate technology to the sectors. Among important interventions, the SME Foundation arranges training in collaboration with domestic and foreign sponsors for product, safety and provides advisory services to enable the SME entrepreneurs and to have access to the new advanced technologies.

F. Capacity Building and Skill Development: The SME Foundation is working relentlessly towards capacity building of the Individual entrepreneurs as well as the institutions and organizations, trade bodies and financial institutions concerned with SME development. The Foundation has so far organized many training programs under public-private partnership mode to enhance skills of the SME entrepreneurs and create new entrepreneurs. Important areas covered by such programs include entrepreneurship

development, cluster wise skill development, technology, TOT, ICT, productivity and quality improvement, marketing and financial management etc. Which, imparted skills to nearly 1000 entrepreneurs over the past three years.

Skill development programs provided to women entrepreneurs (nearly 300 women in 2010 – 2011) has been a particular area of emphasis by the SME Foundation.

Business support services

The SME Foundation provides an extensive range of business support services to the SME entrepreneurs country-wide. The services extended through its advisory service center are; market promotion and expansion, promotion linkages between buyers and sellers, advice for creating new enterprises, publication of SME business manuals and organization of product fairs etc.

Establishment and operation of a SME product display and information centre in September 2011 at the SME Foundation premises with assistance from the Ministry of Industries (MOI) is a milestone towards market promotion of the SME sectors. Holding of SME Business Plan competition, conducting an on going survey of SME clusters in all 64 districts of the country and embracing a National Consultation on investing in youth employment creation with assistance from the Ministry of youth and the Common Wealth youth program – Asia Centre are some of the other milestones achieved by the Foundation.

Besides, to know the total number of SME beneficiaries, their current problems and future prospect, the SME Foundation has conducted a basic study on six SME booster sector namely; Agro-processing/ agri-business/ plantation agriculture/ specialist farming/ tissue-culture; Plastics and other synthetics; Leather-making and leather goods; Light engineering and metal-working; Electronics and electrical; and Designer, aesthetically-challenging, personal wear and effects sectors. Final reports of these studies were published in June 2010. These reports are available to download for free of cost from the website (www.smef.org.bd) of SME Foundation.

The Foundation has a plan to conduct more study on all other booster sectors in the near future.

Program Implementation Approach

The SME Foundation undertakes a variety of programs and activities to achieve desired objectives and goals. A careful scrutiny would tend to

suggest that the Foundation adopts a four tier approach towards implementing the programs. These include:

i) Sector Development pursued through undertaking surveys and studies of the “Booster” sectors and directs activities relating to women entrepreneurship development.

ii) Cluster Development:

Cluster Mapping/developing of SME is concentration of the Foundation in different regions of the country to facilitate delivery of business support and development services on a priority basis is another important program implementation area.

iii) Strengthening of Trade Bodies/Associations: This program approach is designed to enhance capacity building of the SME related trade bodies, associations and organizations and consciously develop public-private partnership as a way of promoting SME growth and development. The results obtained should lead to decentralization approach to SME growth and benefit of resource sharing.

Creating SME-Friendly Environment

This is a critically important policy area which needs constant advocacy and lobbying by the SME Foundation with the policy makers, donors and the stakeholders to ensure that the SMEs are able to operate in a level playing field. Policy advocacy, access to information and availability of business support services are the important areas of SME Foundation’s interventions to ensure an overall enabling environment for the SMEs.

Public Relations

Public Relation (PR) section of SME Foundation disseminates information to the vast audience regarding SME Foundation, its functions and activities. The section has been playing a vital role in upholding the Foundation and its image with its relentless effort through continuous communication with print & electronic media and also with the SME stakeholders.

Conclusion

The SME Foundation has so far been an active and vibrant organization. It has achieved some milestones in selected areas such as policy advocacy, training, access to finance and women entrepreneurship development. However, a lot more remains to be covered with a view to fulfill the needs of the vast and potential SME Sectors. Besides, enhancing out reach through decentralized operations to the remote corners of the country remains a formidable challenge for the SME Foundation.

Inaugural Ceremony of 3rd National SME Fair-2014 held at BICC, Dhaka.

Closing session of the training on Working with Fashion Design.

Training session on e-Marketing for SMEs.

Training on Diversified Jute Good Production for the entrepreneurs.

Women Entrepreneurship Development Activities

Women entrepreneurship development is one of the most prioritized commitments of SME Foundation (SMEF). As a part of its initiatives SMEF is working in diversified sectors in relation with women empowerment through entrepreneurship development. As a symbol of special attention towards women entrepreneurship development SMEF has established a separate section called Women Entrepreneurship Development (WED) wing with an aim to mainstream the women entrepreneurs. The WED wing is assigned to design and implement various programs with a focus to women entrepreneurship development in Bangladesh. The major objectives of WED wing are:

- To identify the key issues and problems related to women entrepreneurs in order to inform policy makers and facilitate effective supports for these target group;
- To create favorable environment for women entrepreneurs and bring them in the mainstream of development process;
- To ensure full participation of women entrepreneurs in economic development of the country;
- To improve efficiency of women entrepreneurs in performing their business responsibilities;
- To strengthen institutional capacities for monitoring and evaluation of gender equality in the area of entrepreneurship Development.

For achieving the objectives SME Foundation is undertaking various programs. The major initiatives for women entrepreneurship development are as follows:

Providing National SME Women Entrepreneur Award

SME Foundation announces the National SME Women Entrepreneur Award since 2008. It is a bi-yearly program. The purpose of this program is to recognize the SME women entrepreneurs and acknowledge their contributions to the socio-economic development of the country. The current categories of the National SME Women Entrepreneur Award are:

- a. Best Micro Entrepreneur of the year
- b. Best Small Entrepreneur of the year
- c. Best Medium Entrepreneur of the year
- d. Lifetime Achievement Award

Organizing/Facilitating Training

SME Foundation conducts various types of trainings all over the country based on need for the women entrepreneurs. . These Trainings are two types:

1. Entrepreneurship Development Trainings: Trainings for the entrepreneurship development and business management are namely How to start a new business, Bankable Project Proposal Preparation, Business Management, Marketing Strategies for SMEs, Establishment and Operation of Day Care Center, etc.
2. Skill Development Trainings: Skill development trainings for the women entrepreneurs generally are on Vegetable/Natural dyeing, Fashion Design, Beautification and Beauty Parlor Management, Interior Design, Dry Flower Making, Artificial Jewelry Making, Show Piece Making, etc.

Organizing National SME Fair

The National SME Fair is organizing every year by SME Foundation to facilitate product marketing of the SMEs. One third of the stalls of the fair remains allocated for the women entrepreneurs. Interested women entrepreneurs from all over the country participate the fair and get equal opportunity to display and sell their products in the fair.

Facilitating Ease Access to Finance

SME Foundation initiated a credit program with Mutual Trust Bank and launched a separate loan product named 'MTB Gunoboti' for women entrepreneurs with less than 9% interest rate. This loan product is collateral free and disbursing among women entrepreneurs engaged in manufacturing business. 'Trust Sukonnya' is another credit program initiated by the Foundation with Trust bank Ltd only for the women entrepreneurs. This product is specially designed for Jessore Nakshi Katha cluster and for the women entrepreneurs of Chittagong Hill Tracks. This is also a single digit collateral free loan product.

Providing Advisory Services

In order to create self-employment and supporting the potential women to become entrepreneurs SME Foundation is providing advisory services. Women entrepreneurs who wants to be an entrepreneur may face lack of information on business idea, technology, finance, documentation, marketing, product development etc. SMEF provides them necessary

Designated guests and participants of Beautification and Beauty Parlor Management training.

Winners of National SME Women Entrepreneurs Award along with the guests.

Inauguration ceremony of training on Establishment and Management Day-Care Center.

Training on Vegetable Dyeing.

information and advisory supports through Advisory Service Center located at the SMEF premises.

Organizing Buyer-Seller Match Making Program

In order to accelerate the advancement of women entrepreneurs especially the producers by facilitating market linkage with the established buyers, SMEF regularly organizing buyer-seller match making program. In this program suppliers get the opportunity to display their product in front of the buyers and get valuable suggestions and also supply orders from them. As a result of the program, both the buyers and supplies establish relationships which create a bridge between them.

Facilitating Access to Appropriate Technology

In order to encourage the women entrepreneurs to use suitable and sustainable technologies SME Foundation in collaboration with Bangladesh Council of Scientific and Industrial Research (BCSIR) organizes technology dissemination program for the women entrepreneurs. As a result of the seminar, women entrepreneurs become encouraged to use suitable and sustainable technologies for starting new business, increasing productivity of running business and creating new employment opportunities.

Sharing Meeting with Women Trade Associations

SME Foundation and different women business associations are working together for the women entrepreneurs in the country. All of them are working with a common goal of women entrepreneurship development. SME Foundation regularly meets with the associations in order to share and design time demanding programs for women entrepreneur's development.

Gender Sensitizing workshop for the Bankers

It is learnt that women entrepreneurs do not have easy access to institutional credit services. On the other hand, from the bankers' perspective, most of the women entrepreneurs cannot comply with the requirements of loan applications. Under the circumstances, SME Foundation feels that there should be a bridge among the bankers and the women entrepreneurs to reduce the gap. Keeping this in mind, the Foundation is regularly organizing gender sensitizing workshop for the Bankers with the help of Bangladesh bank.

Policy Facilitation for Advancement of Women Entrepreneurs

The Foundation is facilitating to ensure a favorable business environment for the women entrepreneurs to encourage the development of entrepreneurship among women. To identify the area of actions SMEF organize expert opinion meetings with the stakeholders including Bangladesh Bank, Dhaka City Corporation, National Board of Revenue, Ministry of Women & Children Affairs, Ministry of Youth and Sports, Dept. of Social Welfare and Export Promotion Bureau attended at this workshop. SME Foundation has been undertaking different programs to implement the recommendations of this meeting. Advocacy to encourage related public organization for establishing Women Help Desk is a remarkable initiative.

Organizing and facilitating Seminar on Women Entrepreneurship Development

SME Foundation organizes and facilitates various types of seminars at national and regional level. These seminars are organized with the aim to create awareness to develop women entrepreneurship friendly environment all over the country. In addition, seminars are also organized to disseminate the findings of any study or to advocacy for any crucial issues regarding women entrepreneurship development.

Organizing National & Regional Conference

SME Foundation organizes conference in regional and national level in order to create a network among the entrepreneurs, public and private organizations working for the women entrepreneurship development in Bangladesh. The national conferences usually organized in Dhaka city and the regionals are in divisional cities. The Foundation is also facilitating to establish international network among the women entrepreneurs.

Publishing SME Women Entrepreneurs Directory

There was a demand for a directory containing information of women entrepreneurs. To meet this demand SME Foundation published SME Women Entrepreneurs Directory for the first time in 2012. Again in 2015,

the second edition of the directory is published containing information of more than 7,000 (seven thousand) women entrepreneurs involved in different sectors.

Conducted Study on Women Entrepreneurs in SMEs: Bangladesh Perspective

Women constitute about fifty percent of the total population of Bangladesh. Keeping this larger portion of people out of development activity is near about impossible to maintain economic growth. To identify the challenges and opportunities of women entrepreneurs in SMEs the Foundation conducted a study on "Women Entrepreneurs in SMEs: Bangladesh Perspective". The study suggested various ways for the development of women entrepreneurs in SMEs.
